ACHIEVEMENTS

AWS Machine Learning Foundations course in the AWS Machine Learning Scholarship participation certificate.

Attachment at Huduma Kenya , Machakos center for three months.

An exchange student at RIGA TECHNICAL UNIVERSITY, LATVIA.

VISION

To be a certified full stack web developer.

To develop systems using machine learning and artificial intelligence.

SKILLS

1. The ability to work under pressure.
2. Customer service.
3. Foundation in Machine learning
4. Excellent communication skills
5. Technical and mathematical skills
6. Teamwork and interpersonal skills

HOBIES

1. Hiking
2. Crocheting
3. Watching
4. Driving and cycling

5. Content creation.

INTEREST

I am working on web applications, and I believe I will be an expert soon even though technology keeps developing.

I started learning machine learning in a foundation course offered by Udacity , hopefully to make it at higher grounds on machine learning and artificial intelligence.

I love art and decorations.
